**United Nations Group of Experts on
Geographical Names**

2025 session

New York, 28 April – 2 May 2025

Item 5 (e) of the provisional agenda *

Technical expertise: Country names

Updated world country names: short and formal names

Submitted by Indonesia**

Summary:

Indonesia has been actively contributing to the efforts of the United Nations Group of Experts on Geographical Names (UNGEGN), mainly through its involvement in the Working Group on Country Names. In 2019, Indonesia compiled a comprehensive list of world capital city names and revised country names, submitted during the first UNGEGN session in New York from 29 April to 3 May 2019 (see GEGN.2/2019/CRP.131). Building upon this foundational work, in 2024, Indonesia updated its exonym document to address inconsistencies in the spelling of country names, ensuring alignment with the orthographic and phonological standards of the Indonesian language and revising the country names based on the UNGEGN List of Country Names in 2021 (see GEGN.2/2021/CRP.130/Rev.1) and the Permanent Mission to the United Nations document No.311 January 2023 (ST/PLS/SER.A/311).

The primary objective of updating the exonym document is to ensure that the representation of country names worldwide adheres to linguistic accuracy and consistency. This initiative is crucial for standardizing references to country names in various official contexts, such as state correspondence, government records, and reports. Moreover, the standardized country names reference educational materials, including textbooks and news, social, and mass media.

In late 2024, the Geospatial Information Agency of Indonesia (*Badan Informasi Geospasial* - BIG), in collaboration with the National Agency for Language Development and Cultivation (*Badan Pengembangan dan Pembinaan Bahasa* - BPPB), linguistic experts from the Faculty of Humanities, University of Indonesia, and the Ministry of Foreign Affairs finalized the updated exonyms document. By sharing this information, Indonesia reaffirms its commitment to advancing the goals of UNGEGN and contributing to the global standardization of geographical names.

Updated world country names: short and formal names

In 2019, Indonesia compiled a comprehensive list of world capital city names and revised country names, which were submitted during the first UN Group of Experts on Geographical Names (UNGEGN) session in New York from April 29 to May 3, 2019 (see GEGN.2/2019/CRP.131). Building upon this foundational work, Indonesia updated its exonym document in 2024 to rectify inconsistencies in the spelling of country names, ensuring alignment with the orthographic and phonological standards of the Indonesian language. This revision also incorporated the country names listed in the UNGEGN List of Country Names from 2021 (see GEGN.2/2021/CRP.130/Rev.1) and the Permanent Mission to the United Nations document No. 311 from January 2023 (ST/PLS/SER.A/311).

In December 2024, BIG as the National Names Authority of Indonesia, in coordination with the National Agency for Language Development and Cultivation (*Badan Pengembangan dan Pembinaan Bahasa* - BPPB), the Ministry of Foreign Affairs and expertise from the Faculty of Humanities, University of Indonesia convened meetings to finalize the updated exonyms document, particularly for country names. These meetings focused on ensuring the pronunciation and spelling conform to the orthography and phonology of the Indonesian language. By sharing this information, Indonesia reaffirms its commitment to advancing the goals of UNGEGN and contributing to the global standardization of geographical names. The table presented below contains the complete set of Indonesian exonyms for country names, which will replace the earlier version.
